Water Treatment Plant Visit Report

Date of Visit: 16th April, 2025

Time: 11.30 pm to 01.00 pm

Name of Water Treatment Plant: Municipal Corporation Hinganghat, Dist. Wardha.

Attended by: First Year D. Pharm students (50)

Organized by: Mr. Pranay Burle, Lecturer

Students Accompanied by: Mr. Pradeep S. Raghatate, Ms. Anju Tanna, Mr. Rakesh I. Joshi,
Ms. Payal V. Bakane, Mr. Harshal P. Satone.

Tulaskar College of Pharmacy, Hinganghat has organized Water Treatment Plant Visit at “Municipal Corporation Hinganghat” on 16th April 2025 for D. Pharm- I year students. Total 50 students along with faculty members had visited the water treatment plant.

The visit was carefully organized from the outset with the primary objective of providing the students with a practical introduction to the complex processes involved in water purification. The day began with a comprehensive briefing session. In which the importance of water purification was carefully crafted to make the students understand the importance of water purification in maintaining public health standards.

The students were made aware of the importance of clean water in maintaining community well-being. After the informative briefing, the students were divided into small groups and embarked on a fascinating tour of the purification project facilities. As they went through the various stages of the purification process, from sludge removal to filtration and disinfection, the students were captivated by the seamless orchestration of technical processes aimed at converting raw water into potable water.

The tour was enriched by interacting with skilled plant operators who generously shared their insights into the intricacies of water treatment processes. Through this interaction, the students gained invaluable practical knowledge. This seamlessly complemented the theoretical understanding of the water

treatment process. Ultimately, the field visit to the water treatment project emerged as a resounding success.

In which theoretical knowledge was seamlessly blended with experiential learning to provide a holistic understanding of the water treatment process. The visit not only provided the students with practical skills but also instilled in them a sense of stewardship towards environmental sustainability and community health.

The college administration thanked CEO Prashant Urkude and Water Supply Engineer Amar Lad for guiding the students. The visit was conducted under the guidance of Principal Dr. Mahendra Gunde and organized in collaboration with Prof. Pranay Burle, Prof. Pradeep Raghatate, Prof. Rakesh Joshi, Prof. Payal Bakane, Prof. Anju Tanna and Harshal Satone.
