Introduction of the Event:

On the occasion of the birth anniversary of Padma Shri Dr. S. R. Ranganathan, the father of Library Science in India, "Librarian Day" was celebrated at Tulaskar College of Pharmacy. The event was organized by the Library Department to honor Dr. Ranganathan's invaluable contributions to the field of Library and Information Science.

The program was presided over by the Principal of the college, Dr. Mahendra Gunde, while the chief guests were Prof. Rakesh Joshi, Prof. Anju Tanna, and the college librarian Mr. Harshal Kore.

In his presidential address, Dr. Mahendra Gunde shed light on Dr. Ranganathan's life and work. He stated, "Dr. Ranganathan was originally a professor of mathematics and statistics, but driven by a desire to do something different for society, he dedicated his entire life to Library Science. His contributions brought scientific structure and discipline to library management. His 'Five Laws of Library Science' are not just rules but guiding principles that open the doors to the fundamentals of library science. Students should make effective and dedicated use of the knowledge resources available in the library."

Chief guest Prof. Rakesh Joshi, while addressing the students, said, “In the digital age, although information is easily available, it is important that it is used reliably and appropriately. Such disciplined information management can be learned through libraries. Hence, libraries are not just spaces for study but also tools for intellectual development.” Prof. Anju Tanna, while guiding the attendees, stated, “Dr. Ranganathan integrated human values into library management and instilled a ‘reader-centric approach.’ Libraries are not just places for storing books, but creative laboratories that stimulate innovation. Students should build an intellectual relationship with the library.”

College librarian Mr. Harshal Kore said, “Through the library department, we are offering students high-quality information resources, reference books, e-library services, and reading rooms. Our main objective is to spread Dr. Ranganathan’s vision and thoughts to every student.”

During the program, non-teaching staff members Mrs. Priya Vajekar, Mrs. Mayuri Bodhane, and Mrs. Rupali Raut were specially felicitated for their dedicated service. The audience acknowledged their significant contributions to the library department. The event was hosted by Prof. Pranay Burile, and the vote of thanks was delivered by Prof. Sheetal Patil.

The event was graced by the presence of Prof. Sukanya Kharbade, Prof. Himanshu Bhange, and non-teaching staff Mr. Parag Bhaimare, Mrs. Monali Warke, Mr. Pranay Bhende, Ms. Sakshi Deshmukh, Mrs. Sonali Balkhande, and Mrs. Monika Bhojar, along with a large number of students.

Objective of the event:

1. To honor the legacy of Dr. S. R. Ranganathan, the Father of Library Science in India, by highlighting his contributions to the development of library and information science.
2. To recognize and celebrate the role of librarians in the advancement of knowledge, education, and research in society.
3. To raise awareness about the importance of libraries as centers of learning, information dissemination, and community engagement.
4. To encourage the adoption of modern library practices and technologies that enhance access to information and improve user services.

Photographs:

Outcomes:

1. To pay tribute to Dr. S. R. Ranganathan for his outstanding contributions to the field of Library and Information Science in India.
2. To create awareness about the importance of libraries and librarians in promoting education, research, and access to information.
3. Motivation among library staff and students to adopt innovative practices and uphold professional values inspired by Dr. S. R. Ranganathan's Five Laws of Library Science.
4. Strengthened appreciation and recognition of library science as a vital discipline in the digital and knowledge-based economy.

Any Suggestion for future Improvement:

1. Incorporate digital literacy workshops to educate participants on e-resources and modern library technologies. This will make the event more relevant to today's digital learning environment.
2. Host inter-departmental competitions such as quizzes, debates, or poster-making focused on library science themes. This encourages student engagement and awareness.
3. Set up a thematic book exhibition featuring rare collections, Dr. S. R. Ranganathan's works, and library history. It adds visual appeal and educational value to the celebration.
4. Bring in librarians, authors, or academicians to share insights, real-world experiences, and innovations in the field of library and information science.
