Water Treatment Plant Visit

Title: Educational Visit to Water Treatment Plant

Course: D. Pharm. (First Year)

Institution: Tulaskar College of Pharmacy, Hinganghat

Date: 22 January 2026

Time: 04:00 PM

Place of Visit: Water Treatment Plant, Hinganghat

An educational visit to the **Water Treatment Plant, Hinganghat** was organized for the students of **D. Pharm first Year** of **Tulaskar College of Pharmacy, Hinganghat** on **22 January 2026 at 04:00 PM**. The visit aimed to enhance practical understanding of water treatment processes and their importance in public health.

During the visit, students were guided through the complete process of **water treatment, including screening, sedimentation, filtration, and disinfection**. Various purification and disinfection techniques used to make water safe for drinking were explained in detail. The officials also demonstrated **quality testing methods** to ensure drinking water meets safety standards.

Students observed the sludge removal process and learned about proper waste management systems employed at the plant. The visit emphasized the importance of **safe drinking water, hygiene, and public health**, helping students understand the real-world application of theoretical concepts studied in class.

The college administration thanked **Dr. Nayana U. Tulaskar (President, Hinganghat Municipal Council)** and Water Supply **Engineer Amar Lad** for guiding the students. The visit was conducted under the guidance of Principal **Dr. Mahendra C. Gunde**, organized in collaboration with **Dr. Umesh B. Telrandhe, Prof. Pradeep Raghatate (HOD, D. Pharm. Course), Prof. Pranay Burle, Prof. Sukanya Kharbade**, along with **Ms. Chaitali Dakhore, Mr. Himanshu Bhangre and Mr. Mukesh Uge**.

Overall, the field visit was informative and beneficial, successfully bridging the gap between theoretical knowledge and practical application.
