Date: 9th September 2026

REPORT ON HEALTH CHECK-UP CAMP

A **Health Check-up Camp** was organized by **Tulaskar College of Pharmacy, Hinganghat**, in collaboration with the **Inner Wheel Club of Hinganghat**, in association with the **Bhabha Atomic Research Centre (BARC), Mumbai**, on **9th September 2026** at the college campus. The programme was organized with the objective of promoting health awareness, early detection of health problems, and encouraging regular health check-ups among women.

The programme was inaugurated by **Dr. Rekha Nanotkar**, President, Inner Wheel Club of Hinganghat. The inauguration marked the beginning of an important community health initiative. The programme focused particularly on **thyroid health**, considering the increasing prevalence of thyroid-related problems among women and the importance of timely diagnosis and treatment.

During the camp, health screening and awareness activities were conducted for different age groups. The morning session from **11:00 AM to 1:00 PM** was organized for women in the **18–25 years** age group, while the afternoon session from **2:00 PM to 4:00 PM** was conducted for women in the **45–70 years** age group. Participants were provided with information regarding thyroid disorders, the importance of screening, early diagnosis, appropriate treatment, and maintaining a healthy lifestyle.

The initiative also emphasized that **health is a valuable asset** and that timely medical screening can help identify health problems at an early stage. The collaboration between the college, Inner Wheel Club of Hinganghat, and BARC Mumbai provided an excellent platform for community-oriented healthcare and health education.

The camp received an encouraging response from the participants. Faculty members, students, volunteers, and organizers actively contributed to the smooth conduct of the programme. The event successfully created awareness about thyroid health and encouraged women to take proactive steps toward maintaining their well-being.

Overall, the **Health Check-up Camp** was a meaningful community outreach programme that promoted the message of **“Healthy Women, Healthy Society.”** The programme concluded with appreciation to all the dignitaries, healthcare professionals, organizers, volunteers, and participants for their valuable contribution to the success of the camp.
